

**ACCIDENT in REAL LIFE: Don's story**

Don is a self-employed farmer. He spends many long days in the field keeping his land and machinery in tip-top shape. But everything he's working for could be gone in an instant if an accident happened.

**Accident Assure is the answer.**

**Don's solution**

Don has had minor injuries in the past, including a broken thumb and a few sets of stitches. At a recent community meeting, he overheard several other farmers mention that they'd purchased supplemental insurance. They talked about their policies' cash benefits, which help with medical bills, lost wages and other costs.

Don asked for a few recommendations and soon met with an agent at his farm. After gaining a better understanding of his risks and learning about supplemental insurance, Don decided to purchase an Accident Assure Level 2 policy.

**What would happen if...?**

On any given day, Don is at risk of suffering accidental injuries small and large—from a broken finger to a second-degree burn to the loss of an arm. Any accident or injury would lead to medical bills and downtime on top of everyday expenses.

If the unexpected happened, Don's Accident Assure benefits would add up: ►

<i>Don's injury: dislocated shoulder</i>	<b>Benefits</b>
Physician visit (2 visits) .....	\$100
Physical therapy (4 visits) .....	\$200
Dislocation .....	\$1,600
Laceration (2.5 inches) .....	\$200
<hr/>	
<b>Don's total benefits: \$2,100</b>
