

ACCIDENT in REAL LIFE: Holly's Story

Holly strives to be a super-mom. While her husband works long hours, she manages the home and cares for their four children. Her friends all say, "I don't know how she does it!" Yet Holly can't help worrying about all the "what ifs" in life. One accident could lead to physical and financial trouble.

Accident Assure is the answer.

Holly's solution

Holly recently discussed her fears and worries with some other moms. She listened to their experiences and advice, and then searched online for information about supplemental insurance.

After comparing several companies, Holly decided to purchase a Washington National accident policy that pays cash benefits to help with medical bills, lost wages and other costs.

What would happen if...?

Holly counts on her husband to support the family financially. If he were involved in an accident at work, at home or on the road, they'd face medical bills and lost wages on top of their everyday expenses.

To help protect her family and lifestyle, Holly purchased an Accident Assure Level 1 policy.

If the unexpected happened, the benefits would add up: ➤

Holly's husband's injury:

Fractured forearm, laceration and loss of one finger **Benefits**

Emergency room	\$300
Hospital confinement (2 days)	\$600
Ambulance (ground)	\$150
Fractured forearm	\$1,200
Laceration requiring sutures (3 inches)	\$150
Physician visit	\$60
Loss of one finger	\$1,250

Holly's family benefits: \$3,710

Gain the extra protection you need with **ACCIDENTAssure**.
